Estonian Judges Association

Dear friends, honorable members of Estonian Judges Association!

Thank you for your support, what is really important for us in this hard period. This is a deplorable fact and unacceptable armament aggression against Georgia. I would like to ensure you, that Georgian authority and its nation will denounce and can't adapt aggressor country's occupation forces action. Georgia expresses strong will to solve all the problems within the dialog and built united and independent country.

We are always ready for further cooperation.

On behalf of Georgian Judges Association,

Zaza Meishvili

Chairman of Georgian Judges Association
